RESPONSE TO NOTICE OF NON-COMPLIANT AMENDMENTS

Mail Stop Amendment
Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Sir:

This paper is submitted in response to the notice of non-compliant amendment mailed on August 24, 2004. The applicant's submit herewith a new Amendments to the Specification section and new Amendments to the Claims section of the last response mailed on August 10, 2004. The attached sections are believed to be in compliance with 37 C.F.R. §1.121.

The applicant's would like to point out that, under Rule 1.121(b)(1), the Amendments to the Specification section was believed to be correct as originally filed. Rule 1.121(b)(1)(iv) states that the text of a paragraph to be deleted must not be presented with strike-through or placed within double brackets. The instruction to delete may identify a paragraph by its paragraph number or include a few words from the beginning and end of the paragraph in order to identify that paragraph. In this case, the paragraph to be deleted was included in its entirety because it is only a single sentence. The change to the section attached merely highlights the previously included words "please delete the last paragraph at page 1" and clearly designates the language to be deleted.

The Amendments to the Claims section has been revised to provide proper claim identifiers in accordance with Rule 1.121.

Respectfully submitted,
